THE FIRST BRAND

BRAND RECORDING HAS BEEN A LEGAL REQUIREMENT IN THE PROVINCE OF ALBERTA (PRIOR TO 1905 - N. W. T.) FOR ONE HUNDRED YEARS. NORTHWEST TERRITORY ORDINANCE NO. 12 PASSED ON AUGUST 2, 1878 IN RESPECT TO THE MARKING OF STOCK, MADE IT MANDATORY FOR BRANDS USED ON LIVESTOCK TO BE RECORDED. THE FIRST RECORDER OF BRANDS WAS APPOINTED IN 1880. THE FIRST BRAND RECORDED WAS ON JANUARY 18 OF THAT YEAR. THIS BRAND WAS 71 ON THE LEFT RIB, ISSUED JOINTLY TO PERCY P. NEALE AND SAMUEL D. STEELE OF FORT MACLEOD. THIS BRAND IS STILL ACTIVE AND CURRENTLY REGISTERED TO ALBERTA AGRI—CULTURE.

PREFACE

The brands contained in this book have been compiled from the original records kept in the office of the Recorder of Brands, Stettler, All new issues, reissues, renewals and transfers of brands and tattoo marks which were in effect as at April 1, 1978 are included in this book.

Where so many thousands of brands are involved, it is possible that errors have occurred. Should any errors be found, please report to the Recorder of Brands.

Cattle brands are arranged separately from Horse Brands. The general arrangement followed is alphabetical and numerical. In every case, the first letter or numeral of a brand determines the place of the brand in the book. Anchors (⚓), Diamonds (◇) and Triangles (△) which are preceded by a letter or numeral are indexed under that letter or numeral. Where they precede a letter or numeral, they are found between the numerals and the arbitrary signs. The brands are shown in the following sequence according to alphabet: single character, hanging letters, two characters, one letter over another, two characters in line, monograms, three characters in line, three characters consisting of two characters with a bar, half diamond or quarter circle above or below. Brands of one or more arbitrary designs, that cannot be otherwise classified, will be found at the back of the cattle or horse sections respectively, but any brand containing a letter or numeral with one or more arbitrary designs after it will be found under that letter or numeral.

The brand A 1 will be found under the letter A, while the brand 1 6 would be listed in the numerals.

The regulations covering registration of Brands state that quarter circles are shown with the points away from the other two characters, for example: XO or XO ; half diamonds with the points towards the other two characters, for example: XO or XO.
